PLANTS

ONE TREE

## OUR FUNDRAISERS PLANT TREES

We are proud to say that every order through our fundraiser program plants 1 tree.

When you plant a tree by purchasing a product through our fundraisers you can know that you've helped reforest part of the planet that desperately needs it and not only that, you're helping employ local villagers, helping them get out of extreme poverty through a village wide tree planting program.

The forests you help plant provide food for villagers, shelter for wildlife, shade, medicines, soil regeneration and positively help climate regulation.

Did you know that young trees are the best way to remove carbon from the air?

This means you're also helping to reduce global carbon dioxide levels, just by participating in a fundraiser! We think that's pretty cool.

Cheers,

Adam Biel  
President

## Our Story

Since 2007, our team of hard working moms has been hand making bath and skin care products in small batches every day right from scratch. Then we test them on our husbands, partners and ourselves!

We use only finest ingredients and traditional small batch methods of production to ensure you get the freshest, best, most unique skin and bath products every day.

We also maintain a large catalogue to help our partners find the right mix of products for their customers; products like

- Pure Epsom Soaks & Epsom Bubble Baths
- Shower Spritzers
- Original Bath Bombs and Bubble Bombs
- Men's bath products line
- All Natural Shave & Body Wash,
- Essential Oil Bath Bombs and Soaks
- Kids Line of Bath Crayons, Animal Soaps, Happy Doh Bath Soap, and more
- Lotion, Cream and Scrub

We're think natural matters. That's why all products are at least 98% natural. We keep chemical additives out, and that 2% is only ever color and fragrance, keeping our products safe for the whole family – and tub clean up friendly too!

Our hand crafted skin and bath products are made just for you so you and yours can enjoy and enhance your bathing or shower experience.

We love to make you happy!
